## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In line 5, “and opposing the axial screw hole” is not fully understood in the context of the claims. What structure constitutes an opposing orientation, relative to other aspects of the invention?

In line 6, “a slide rod pivoted to the window at a first end” is not fully understood in the context of the claim? Is the first end part of the slide rod or the window?

In lines 19-20, “the fitting cavity... facing each other” is unclear and not understood.

### ***Allowable Subject Matter***

3. Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
